NAIOP Southern Nevada Chapter
Sustainable Development Committee presents

Cashman Equipment Corporate Headquarters Tour

Event Date: Wednesday, October 7th
Tour begins at 9 am thru 11 am

Cashman Equipment is the largest LEED Gold Certified facility of its kind in the state. The 310,000 square foot complex is dedicated to sustainability, energy savings and the comfort of the occupants.

The campus is composed of seven buildings and sits on 54 acres, housing: Administration, Warehouse, Parts, Heavy Equipment Shops, Weld Shop, Rental Store, Sales, Power Solutions EPG, Dyno and Security.

SUSTAINABILITY FEATURES

USGBC LEED Gold Rating • EPA Energy Star rated • GreenGuard Certified furnishings • Energy Star appliances • Cradle-to-Cradle workstations with 100% recycled fabrics on panels • Recycled glass aggregate terrazzo tile floors • Carpet with post-consumer recycled yarns • Lockers from post-consumer recycled plastics (milk cartons) • Work bays, warehouse and shop bays naturally lit with glazed roll-up doors and skylights • Low-flow water fixtures and waterless urinals • Internal recycling stations • Corporate program for recycling

LOCATION

3300 St. Rose Parkway
in Henderson
(just east of the I-15 Freeway)
