

## Testimonials

“NAIOP has done more for our commercial development business than anything. Of course we're sponsoring again for 2010 - ARE YOU?”

*Barbara Demaree, Commercial Service Supervisor - Southwest Gas*

“NAIOP's government affairs committee has played an intricate role in protecting the interests of my company and the development community. Being a part of a louder voice has enabled us to influence and gain results with local and state governments, which would not have been possible on an individual level. Being an active member of NAIOP for so many years has also aided me in many endeavors because of the notoriety, exposure, and relationship opportunities that come along with my involvement in the organization.”

*Rod Martin, Vice President - Majestic Reality Co.*

“NAIOP provides an outstanding forum to exchange ideas with professionals representing a broad range of disciplines within our industry. This gives our members critical and timely information about important trends in our market. The relationships that have been created through NAIOP have been crucial to our success over the years.”

*Rick Myers, President - Thomas & Mack Development Group*

“Marnell Properties is honored to be a part of such a beneficial organization that not only associates themselves with a great group of people, but gives the commercial real estate industry a unified voice. As an organization, NAIOP Southern Nevada continues to provide up-to-date information with what's going on in the commercial real estate industry, as well as great local and national exposure for members.”

*Brad Schnepf, 2010 President - NAIOP Southern Nevada*
